3M Provides Grant to Kids 'n Kinship

Apple Valley, MN - June 8, 2017 - The 3M Foundation has awarded a \$10,000 grant to Kids 'n Kinship to further the mission of the youth mentoring program.

“This support is extremely important to the Kids ‘n Kinship program, said Jan Belmore, Director. With this investment in our youth, we work to reduce isolation, build positive relationships with adult mentors and reduce risky behaviors in youth”

“3M’s commitment to investing in people extends beyond the campus and into our communities,” said Jacqueline Berry, Manager, 3Mgives. “We are pleased to support Kids ‘n Kinship and its volunteers who invest in young people and help them to reach their full potential.”

At 3M, we apply science to life to improve lives daily through the development of products and technologies and through investments in our communities. Since the establishment of the 3M Foundation in 1953, the company has donated more than \$1.4 billion in cash and in-kind gifts to non-profit organizations.

Kids 'n Kinship is a local volunteer mentoring organization serving the communities of Apple Valley, Burnsville, Eagan, Farmington, Lakeville and Rosemount for 45 years. To learn more about mentoring in your own community, contact Kids 'n Kinship at (651) 686-0990 or www.kidsnkinship.org. The public is invited to our next Information Session on Monday, August 14 from 6-6:45 pm, located at the Burnhaven Library in Burnsville.

Please visit www.kidsnkinsip.org for dates and locations and to register.
